

Public Transport - Opal Travel Card

Opal cards are the smart ticket system for public transport in Sydney and NSW. They can be used on buses, trains, ferries, and light rail services.

It is recommended that attendees planning to travel on public transport should obtain an Opal card or purchase a single Opal card ticket (single tickets are only available at train stations).

Opal cards are available at all train stations and attendees arriving at Sydney Airport can purchase an Opal card at the information desk. There are other Opal retailers including selected newsagents, convenience stores and supermarkets.

How to add money to your Opal card

Topping up your card is simple and easy - pay by card or cash at any Opal card retailer or download the Opal Travel App and apply money to your Opal card via your phone online. Please allow up to one hour for your card balance to update.

Tap on and Tap off

Hold your Opal card or single Opal card ticket against the Opal reader until it turns green - tap upon arrival and tap off upon exiting.

Plan your trip with Opal Travel App

The app provides real time information about local train, bus and ferry times, locations and walking distance to your next location.
